Packaged Two-Stage Air Conditioner with Puron® Refrigerant

MODEL 704C

EVOLUTION™ SYSTEM

Environmentally Sound C

Your Trusted Source for Comfort

Since 1904, Americans have trusted Bryant to do whatever it takes to deliver superior, year-round comfort and peace of mind. Through the commitment and dedication of our product development and manufacturing teams, we have met every challenge. Today, as consumers become more comfortable with the power and convenience of advanced technology and more concerned with the environmental impact of the products they choose, Bryant offers an excellent choice for comfort during the cooling season – the Model 704C Packaged Air Conditioner with Puron® Refrigerant.

The Bryant Model 704C offers exceptional functionality and ease of use with our exclusive Evolution™ Control. It delivers the enhanced indoor comfort you and your family deserve with our unique Perfect

Humidity™ function. And, it provides money-saving efficiency with up to 13 SEER cooling. Designed, built and backed by the most trusted name in the business, and installed by your trusted and professional Bryant dealer, the Model 704C Packaged Air Conditioner with Puron® Refrigerant provides the premium cooling you and your family deserve.

The Perfect Touch with Perfect Humidity™

For enhanced comfort during the cooling season, the Model 704C relies on our unique Perfect Humidity function. With Perfect Humidity, your system monitors indoor and outdoor humidity and automatically adjusts system operation to achieve the most comfortable humidity level possible. This system removes up to 30 times more moisture from indoor air than standard systems. It's all set up and controlled through our exclusive Evolution™ Control, with its intuitive, easy-to-use interface.

Enhanced Indoor Air Quality

Two more advantages of Perfect Humidity are money savings and improved quality of your indoor environment. Better humidity control means you can enjoy the same comfortable feeling at higher set temperatures during the cooling season. You can also enjoy the additional comfort and air cleaning qualities of constant fan operation for as little as $50 a year.

Environmentally Sound Comfort

This consumer-friendly air conditioner package delivers on Bryant's commitment to environmentally sound comfort solutions on two levels. One, the Model 704C uses Puron® Refrigerant, the world's first practical long-term replacement for ozone-depleting refrigerants. Bryant was the first to offer this solution to U.S. homeowners, and since 1996, our Puron products have set new standards of reliability. Two, by cooling your home with up to 13 SEER efficiency, the Model 704C is easily more energy-efficient than a packaged air conditioner you may be replacing.

Bryant's Model 704C delivers the comfort and peace of mind that comes with choosing a system designed, built and backed by a company known for its commitment to customer satisfaction. From initial design through product testing and final assembly, we go beyond the industry's expectations for quality and reliability to be sure that every unit we make measures up to even tougher standards – yours.

ooling with the Power and Convenience of

Warranty

Bryant's Model 704C provides dependability backed by written warranty protection. The compressor is protected by a 10-year limited warranty. The entire system is covered by a 5-year limited warranty. Extended warranties are also available. Ask your trusted Bryant dealer for details.

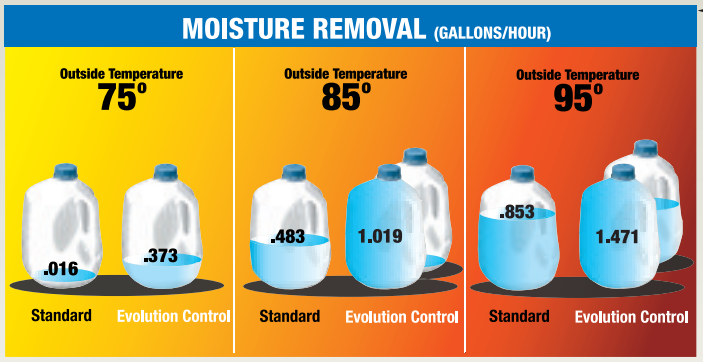
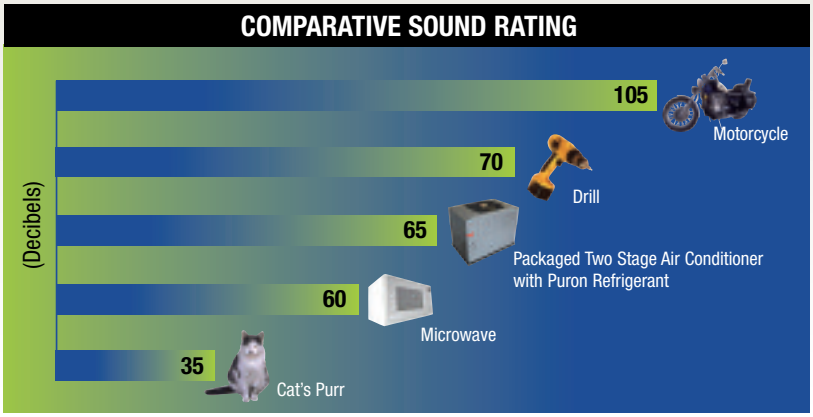
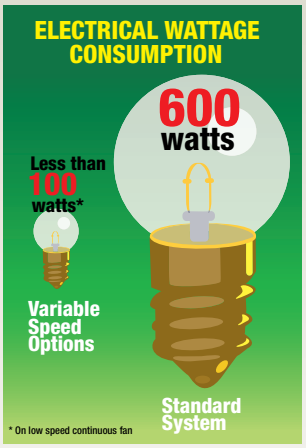
Puron
the environmentally sound refrigerant



The Model 704C can provide up to 30 times better dehumidification than a standard system.



With our new AeroQuiet top, the Model 704C channels airflow more effectively for quieter operation.



The Model 704C delivers the airflow and air cleaning benefits of constant fan operation while using as much as 50% less electricity than standard models.

Evolution™.

The Evolution of Comfort

Bryant is at the forefront of a comfort revolution with its exclusive Evolution™ System. Starting with the sleek, sophisticated Evolution™ Control, this system puts more power and ease-of-use at your fingertips than any other comfort control. Full, seven-day programmability allows precise temperature and humidity control that matches your living schedule. Intelligent electronics track system operation and identifies the very best combination of comfort and energy saving operation. Accessory and system monitors provide text-based messages on the large LED screen letting you know when it's time for a filter change, routine maintenance and more. And, optional remote connectivity lets you monitor, change and control the system anywhere you have Internet, phone, or cell phone access.

Simple, intuitive and powerful, the Evolution™ System truly sets a new standard for excellence in home comfort.

Evolution™ Control is much more than just a thermostat. It is your single source of precision temperature, humidity and indoor air quality.

SYSTEM

Prior to Your Purchase

Bryant has a history of doing whatever it takes to deliver trusted quality, comfort and value to millions of homeowners nationwide. The Model 704C Packaged Air Conditioner with Puron® Refrigerant offers cool, enhanced comfort with energy-efficient, money-saving operation.

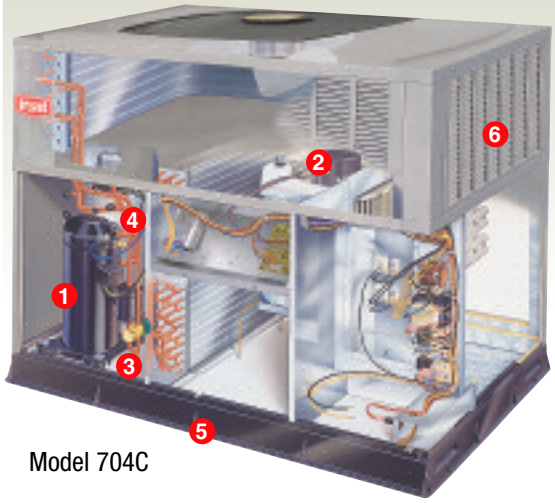
Efficiency

• 13 SEER (Seasonal Energy Efficiency Ratio) cooling is just part of the efficiency story. Economical continuous fan, seven-day programmability and a convenient, one-button vacation setting all contribute to this unit's money-saving performance.

Comfort

• It starts with the Evolution™ System then continues with our exclusive comfort-enhancing function, Perfect Humidity™. The Model 704C combines much of Bryant's most sophisticated comfort technology to elevate your home's environment.

Home Comfort Components



Model 704C

1 ENVIRONMENTALLY SOUND, EXTRA-EFFICIENT
Our compressor is designed for use with Puron® refrigerant to provide quiet, smooth-operating comfort and years of environmentally sound, trouble-free performance.

2 EXTRA QUIET, ENHANCED COMFORT
The variable speed blower provides a nearly continuous flow of cool comfort at lower speed operation. This component saves money, dramatically reduces noise and keeps temperatures consistent.

3 RELIABLE PERFORMANCE
Our Thermostatic Expansion Valve (TXV) ensures proper refrigerant flow during fluctuating pressures and conditions for top reliability and energy-efficient operation.

4 LASTING COMFORT
High and low pressure switches and the filter drier protect the unit's most important single component: the compressor.

5 DURABILITY AND INDOOR AIR QUALITY
Built with a high-tech composite material, Bryant's premium base will not rust. Sloped design and integrated drain minimize standing water to improve indoor air quality by inhibiting mold, bacteria and algae growth.

6 LASTING LOOKS AND PROTECTION
Louvered side panels allow for proper airflow while protecting the Model 704C's all-important coil. Exterior cabinetry is coated with a rugged baked-on enamel finish to provide superior scratch and corrosion resistance.

7 COMFORT ENHANCEMENTS
Bryant's exclusive Evolution™ Control provides increased humidity control, seven-day programmability, adjustable fan speed and more to set higher standards of comfort and functionality.
